Dear Commissioner,

Thank you for reporting to the Panel on the variation to the Police and Crime Plan.

The significant events in the last twelve months which have impacted on the delivery of the Plan are noted and the Panel acknowledge the need for an addendum to reflects these developments.

The Panel also welcome the development of a new Police and Crime Needs Assessment in 2018. This will provide a solid evidence base for a new Police and Crime Plan for 2019/21 and the Panel looks forward to its presentation in the early part of next year.

Yours sincerely,
